## New Pass Holders

- Once you have received your EASY Card, take your card to a ticket vending machine located at any Metrorail station, rest the card on the green circle and wait for the beep.
  - The screen will change stating "Directed Threshold Auto Load". You may then tap your card on a fare gate to enter.
- To load your card on the bus, make sure there is no one at the fare box and rest it on the reader until it beeps.
- If you fail to rest your card by the 19th of the month, your card will automatically be disabled by the Miami-Dade transit system.
  - If this occurs, please notify Photo ID via email at: [photoid@med.miami.edu](mailto:photoid@med.miami.edu). This may take up to 48 hours.
- Any additional transit cost incurred is the responsibility of the card holder.
- As stated in the attached Public Safety policy and procedure under Item 3, reduced fare transit passes must be used at least 75% of the time as your primary means of transportation and must be used on a regular basis.
